

**Mrs. Fitz's 8th Grade Math
Requirements and Expectations**

BE PROMPT, BE PREPARED, BE POLITE

Top 10- Top 10s will be given on Mondays and are due on Fridays. Students will receive an academic overtime until the assignment is turned in and will then receive full credit. Top 10s can be corrected for full credit, by fixing the highlighted areas. See the revision policy attached.

IXL- Students will be assigned two different skills every Monday to complete by Friday. These assignments can be done at home, in intervention, or during class and will be found on the weekly Top 10. They will be included as part of the Top 10 grade. Students will receive an academic overtime until the assignments are complete and will then receive full credit.

Quizzes/Tests- Quizzes and tests will be given throughout the year to assess students' learning and understanding. Retakes are permitted by completing highlighted areas and filling out a request to retest form found in my classroom or on my website. See the revision policy attached.

Highlights- Assignments will have highlighted areas to correct. Students will be responsible for revisiting their work on tests and quizzes prior to being given the opportunity to redo the assignment.

Grades- Standards based grading will be used to assess students' level of mastery. Your students' level of mastery will be based on a 4, 3, 2, 1 scale. See attached rubric. Grades will be updated on JumpRope once per week. There is a link to JumpRope on my website.

Class Website- My website is available for you and your child to access important class information. Students will have my website bookmarked on their chrome books. The link to my website is:
fitzlvms.weebly.com

Attitude/Effort- I expect you to have a positive attitude, try your best, and ask questions when you don't understand! It is important that you use your time wisely.

Materials- Students are expected to be prepared for class. They will need a pencil, a binder/folder with class papers, a pair of earbuds/headphones, and their charged Chromebooks every day. Calculators are provided for in class use. These materials will be used on a daily basis.

Absences- Students are responsible for checking my website, the absent folder, and talking to me or their partner about the assignments that were missed. Students will have as many days to make up the work as they were absent. This does not apply to Top 10s since they are a weekly assignment.

Communication- It is very important that we work as a team in order to meet the individual needs of your child. Feel free to contact me anytime with concerns or questions by school phone: 763-3396 or e-mail: fitza@lickingvalley.k12.oh.us. I will also be sending weekly texts through Remind to keep you updated on what is happening in class. See the attached sheet on how to sign up for Remind texts.

*****Please visit my website to sign-off that you have read the important
class information*****
